Theory in Health Promotion Research and Practice Thinking

Theory in Health Promotion Research and Practice: Thinking Outside the Box is a different kind of health promotion theory book. It offers a more critical perspective of existing health promotion theories and challenges the student to create new theoretical frameworks for understanding human health and wellbeing. This unique text guides the reader to reflect on the process of thinking theoretically and provides practical strategies for applying theory to research and practice. The author

"Theory in Health Promotion Research and Practice: Thinking Outside the Box" is a wonderful example of an intermediate-to-advanced theory textbook. Having spent a few years teaching human behavior courses, it is refreshing to see a text that does not read like an encyclopedia of theories and supporting evidence.
